HR COMPENDIUM 2025

From the Managing Director's Desk

We live in an age dominated by technology. With the advent of Generative AI, the role of technology, has just got more pronounced. DMRC, as a leader in MRTS, is no stranger to technology. Rather, all aspects of DMRC's working, are steeped in dense technology. Yet, amidst all the din of disruptive technological changes and challenges, HR as a differentiator, still rings true. The iconic quote from Elbert Hubbard, "One machine can do the work of fifty ordinary men. No machine can do the work of one extraordinary man," could not have been more apt.

Since its inception, DMRC has laid great store by its employees, who drive this charismatic world class organization. DMRC is, what it is today, because of the breadth of the prowess of its men and women, and the width of their commitment and dedication, to the organization. Keeping the workforce motivated, engaged and empowered, are the strategic HR initiatives, fundamental to which, are the policies and the palate of ease of working facilitators – the benefits, the welfare measures and the cocoon of 'CARE,' that is scripted into DMRC's DNA.

The HR policies in DMRC have been framed to ensure transparency, uphold equity, maximize good governance and further the employees' terms and conditions, of service. It is these, that ensure their buy-in and their belongingness, to the organization. The pride that swells in every employee's heart, of being a DMRC employee, owes to DMRC's strategic HR management, which has yielded rich dividends. The HR Compendium, which is a collation of the service rules of DMRC, is a rich treasure trove of the entirety of the Master Circulars (MC's), issued on the various subjects.

The current edition is an up-dated version of the latest HR rules and regulations, under a single umbrella. This underscores our commitment, to the cause of the employees, the rule of law and a rule-based order. The fourteen MC's in the Compendium, would come as a handy source of reference for the employees and would be of great benefit, to a bevy of stake holders. One new feature this time, are the FAQ's, at the end of each MC, which I am sure, would be of great help, to everyone.

I have great pleasure in dedicating this HR Compendium to the employees of DMRC. The zeal and the enthusiasm that the employees bring to bear upon their work, reinforces our belief in the great future of the organization and energizes us to achieve, 'ever more and better ever.' The HR department in DMRC, which acts as a facilitator in furthering the HR Management in DMRC, has painstakingly worked, to bring out the instant edition. As we scale new heights, I assure the employees, that their interests shall be supreme and I shall always work to champion their cause, and further empower them.

15. **RESIGNATION**

- a. Management reserves the right to accept resignation in Organization's interest.
- b. An employee, whose conduct is under investigation or against whom inquiry / investigation is pending (whether under suspension or not), decision for acceptance will lie with the Competent Authority only, and acceptance will not be automatic.
- c. The resignation will not be accepted if it is in the public interest to pursue the disciplinary case. The Competent Authority may, however, accept the resignation: -
 - i. If the case does not involve moral turpitude and public claims, or
 - ii. If the available evidence does not have a base strong enough to lead eventually to dismissal or removal from service, or
 - iii. If further pursuit of the case may get so protracted as to render acceptance of resignation cheaper for the exchequer.
- d. To sustain the on-going Project and O&M functions, arranging manpower, to take over the task handled by the erstwhile employee, resignation from service can be accepted, subject to serving of the prescribed notice period, so that Organization is able to plan smooth succession, as alternative arrangements for filling-up the post may take time. Resignation may be accepted before completion of notice period based on the merit of the case and when alternative arrangements have been made.
- e. Resignation would be submitted through employee's controlling HoD to HR Department in the prescribed Proforma – 'A'.
- f. The employee would also submit a hard copy of the same to HR department in advance.
- g. Resignation should be clear and unconditional. The resignation will be placed before concerned HoD, Director or to MD for in-principal acceptance as per SOP.
- h. On acceptance of resignation the employee would be intimated about the same with his / her probable date of relieving as per Proforma- 'B'.
- i. While every effort will be made to accept the resignation of the employee within the stipulated period of receipt of notice, however resignation will not become effective until the Management accepts it.
- i. Subsequent upon tendering resignation, an employee would be allowed to take only CL/RH during the notice period of 90 days, the employee will have to make full payment towards short notice period and the leave availed shall be treated as LWP. Employee/s resigning from DMRC will be entitled for CL on pro rata basis as per his / her date of relieving.

- j. If an employee, after submitting the resignation and without formal relieving, leaves the Organization he / she will be liable for disciplinary action. Similarly, if he / she is absenting from duty without prior sanction of leave he / she will be treated on unauthorized absence. Sanction would be required for medical leave also and merely submission of medical certificate of nominated hospital will not suffice as leave is not a matter of right. For the employees who remain on unauthorized absence immediately after submitting the resignation, their resignation will be accepted by the Competent Authority during the leave period and conveyed to them at their permanent / present address. They will not be allowed to withdraw the resignation even if they return within the notice period for duty.
- k. An employee may resign from his / her employment in DMRC by giving notice of not less than 90 days. Requests for waiver of notice period shall normally not be entertained, however based on merit of case the same may be accepted at the sole discretion of concerned Director. If application is forwarded officially for outside employment in Govt. organizations, efforts will be made to accept the resignation within the stipulated period of receipt of notice. If employee requests early relieving (i.e. before 90 days), they can be allowed to do so with the approval of the Competent Authority i.e. concerned Director, and by making payment equivalent to last drawn (Basic Pay + DA) for the balance shortfall period. The concerned Controlling officer will make necessary arrangement for early relieving. Each Controlling officer of the employee will ensure for proper handing over by the employee before relieving. The original copy will be sent to HR department compulsorily.
- l. Since resignation from service is a major decision on the part of employee, proper application of mind should be made by the employee concerned before tendering resignation. Other than the 90 days' notice period, no further extension of time for relieving shall be permitted. The employee can decide to withdraw the request of resignation for genuine reasons during the notice period. DMRC reserves the right to accept the withdrawal or otherwise if Management approval for acceptance of resignation has been communicated to the employee. However, re-tendering of resignation within a short spell of time (i.e., less than one year) will be viewed seriously and a mention to this effect will be made in the relieving certificate of the employee concerned.
- m. The concerned controlling officer shall direct the employee / staff, tendering resignation, to contact HR Department for ascertaining dues like Bond amount, training cost, short notice period amount (if any), and other dues etc. After settlements of pending dues in his / her name, the final relieving order will be issued by the HR Department on submission of "No Due Certificate" on prescribed format, Proforma- 'C', in original. No-dues from different department/s (from nominated officials) must be obtained within the notice period.
- n. If an employee resigns without intimation / prior notice and absents himself / herself without approval, his / her controlling officer shall arrange to urgently inform the HR department, by various means such as but not limited to, telephonically / through SMS and following with a written intimation, so that any undue payments to such employee may immediately be stopped.

20. REVIEW OF SERVICE AT THE AGE OF 50 YEARS & 55 YEARS

The objective of the Rule is to weed out the deadwood in order to maintain a high standard of efficiency and initiative in DMRC service. It is not necessary that a good employee may continue to be efficient and effective for all time to come. It may be that there may be some employee who may possess a better initiative and higher standard of efficiency and if given chance, the work of the organization might show marked improvement. In such a case, compulsory retirement of an employee who fulfils the conditions of Rule 20.1, given below, is undoubtedly in public interest and is not a measure of punishment. Ordinarily, the order of compulsory retirement is not to be treated as a punishment coming under Article 311 of the Constitution. In fact, the rule merely seeks to strike a just balance between the termination of the completed career of a tired employee and maintenance of top efficiency in the diverse activities of administration. While undertaking the review of services, the following shall be kept in view: -

- (i) That the services of a DMRC employee are no longer useful to DMRC and the employee can be compulsorily retired for the sake of public interest.
- (ii) For better administration, it is necessary to chop off dead wood. The order of compulsory retirement can be passed after consideration of the entire service record of the officer.
- (iii) Any adverse entries made in the confidential record shall be taken note of and be given due weightage, in passing such order.
- (iv) Even un-communicated entries in the confidential record can also be taken into consideration.
- (v) The order of compulsory retirement shall not be passed as a short cut to avoid departmental enquiry, when such course is more desirable
- (vi) If the DMRC employee has been given promotion despite adverse entries made in the confidential record, that is a fact in favor of the employee.

(vii) Compulsory retirement shall not be imposed as a punitive measure.

20.1 When an employee has attained the age of 50/55 years, review shall be made of those:

- Found inefficient, or,
- Of doubtful integrity

20.2 The procedure for review will be:

Category	Fall under Periodical Review of Service
Executives and Supervisors (Non-Executive)	<u>Executives of DMRC</u> Who have entered service before 35 years of age and have attained 50 years of age <u>Other cases</u> Attained 55 years of age DMRC Non-Executives at supervisory level can also be retired after he / she has completed 30 years of service
Notice Period	3 months or 3 months' pay and allowances, in lieu thereof

20.3 The cases shall be reviewed six months before he/she attains the age of 50/55 years or completion of 30 years' service/30 years of qualifying service and on completion of 30 years of qualifying service. An employee may be prematurely retired from service with the approval of the Board of Directors in case of Executives and by the Managing Director, in case of non-executives, subject to the procedure prescribed, being followed.

20.4 To periodically review the service, Review Committees, consisting of the following level of Executives shall be constituted: -

S. No.	Level of employees	Review Committee
1	Non-Executives	Dy. HoD Level Committee
2	AM and Managers	HoD Level Committee
3	Dy. HoD & HoD	Director Level Committee

CVO in the case of Executives and his / her representative in the case of Non-Executives shall be associated /consulted in case of records reflecting adversely on the integrity of any employee.

20.5 The cases of Periodical Review of service will be put up to the Competent Authority, 6 months prior to attainment of 50/55 years or completion of 30 years' service / 30 years of qualifying service and on completion of 30 years of qualifying service, for review of service. Time schedule for review shall be as under: -

S.No.	Quarter in which review is to be made	Cases of employee who will be attaining the age of 50/55 years or will be completing 30 years of service or 30 years of
-------	---------------------------------------	---

		service qualifying for pension, as the case may be, in the quarter indicated below to be reviewed.
1	January to March	July to September of the same year
2	April to June	October to December of the same
3	July to September	January to March of the next year
4	October to December	April to June of the next year

Where the review in accordance with the time schedule indicated above has not been completed for any reason whatsoever, of an employee of the Corporation attaining 50/55 years of age, such review may be undertaken at any time, thereafter.

20.6 “Review” means the review of the entire service record (available in DMRC), example - APARs, Personnel Files, Vigilance Clearance, D&AR, Reports etc., of the employee of the Corporation regarding suitability or otherwise of such employee for further retention in service.

20.7 The criteria to be followed by the Committee in making their recommendation would be as follows: -

- i. An official, who gets an adverse comment on his integrity in any two years out of last five years in his appraisal reports, would be reviewed by the nominated committee for premature retirement. (Ref: O.O. No. PP/3093/2021 dated 15/03/21)
- ii. DMRC employees who are found to be ineffective will also be considered for review of service. The basic consideration in identifying such employee should be the fitness/ competence of the employee to continue in the post which he/she is holding. The performance evaluation is to be adjudged on the basis of entire service record including APARs for the last 5 years. Only those employees whose APAR has been graded as AVERAGE/BELOW AVERAGE in any three years as in their last give available APARs would be reviewed by the nominated committee for pre-mature retirement. (Ref: O.O. No. PP/3093/2021 dated 15/03/21)
- iii. While the entire service record of a DMRC employee should be considered at the time of review, no employee should ordinarily be retired on the grounds of ineffectiveness if his / her service during the preceding 5 years or where he / she has been promoted to a higher post during that 5-year period, his / her service in the highest post, has been found to be satisfactory. Consideration is ordinarily to be confined to the preceding 5 years or to the period in the higher post, in case of promotion within the period of 5 years, only when retirement is sought to be made on grounds of ineffectiveness. There is no such stipulation, however where the employee is to be retired on the grounds of doubtful integrity.
- iv. No employee should ordinarily be retired on ground of ineffectiveness if, in any event, he/she would be retiring on superannuation within a period of one year from the date of consideration of his / her case. It is clarified that in a case where there is sudden and steep fall in the competence, efficiency or effectiveness of a DMRC employee, it would be open for review for premature retirement.

The above instruction is relevant only when an employee is proposed to be retired on the ground of ineffectiveness but not on the ground of doubtful integrity. The damage to public interest should be

marginal if an old employee, in the last five years of service, is found ineffective; but the damage may be incalculable, if he/she is found corrupt and demands or obtains illegal gratification during the said period for the tasks, he/she is duty bound to perform.

- 20.8 The Appointing Authority shall, if it is of the opinion that it is in the public interest to do so, have the absolute right to retire any employee by giving him / her notice not less than three months in writing or three month's pay and allowances in lieu of such notice. No show-cause notice for retirement is required to be issued under the above provision. In every case, where it is proposed to retire a DMRC employee, in exercise of the power conferred by the said rule, the appropriate authority, should record in file its opinion that it is necessary to retire the employee in pursuance of the aforesaid rule in the public interest.

(Ref: OO No PP/3001/2020 Dated 24.06.2020 and OO No. PP/3093/2021 Dated 15/03/21)

General Physical Examination: -

1. A candidate must be in good mental and bodily health and free from any defect likely to interfere with the effective performance of the duties of his appointment.
2. Examiners will use their own discretion as to the scope of the general physical examination in each case and will judge cases on their merits, taking into consideration the prospective duties of the examinee as also the age of the examinee and need for continued fitness for the remaining years of service.
3. Measurement of height, weight and chest girth will be recorded if specifically required. The skin, the connective tissues, the circulatory, respiratory, digestive, nervous, genitourinary, skeletal and muscular system will be subjected to such examination as is deemed necessary. The principal points attended to, are connected with ascertaining: -
 - a) The condition of heart and lungs;
 - b) The condition of teeth and gums (well filled teeth will be considered as sound).
 - c) Whether there is any evidence of abdominal disease;
 - d) Whether there is any hernia or tendency of hernia;
 - e) Whether there is free movement of the joints;
 - f) Whether there is any inveterate skin disease;
 - g) Whether hearing in each ear is good and whether there is any disease of the ear;

 - i) Whether there is any contagious disease of the eyes or any other condition likely to lead to impairment of vision;
 - j) Whether there is any acute or chronic disease pointing to any impaired constitution;
 - k) And whether there is any communicable disease.

MEDICAL EXAMINATION

Section A: Medical examination of candidates for appointment as DMRC Executives

Introduction: -

1. The standard of physical fitness to be adopted should make due allowance for the age and length of service, if any, of the candidates concerned.
2. No person will be deemed qualified for admission to the public service who shall not satisfy the Government, or the appointing authority, as the case may be, that he has no disease, constitutional affliction or bodily infirmity unfitting him, or likely to unfit him for that service.
3. It should be understood that the question of fitness involves the future as well as the present and that of the main objectives of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment, to prevent early pension or payment in case of premature death. It is at the same time to be noted that the question is one of likelihood of continuous effective service, and the rejection of candidate need not be advised on account of the presence of defect which, in only a small proportion of cases is found to interfere with continuous effective service.
4. Medical examination of candidates for appointment to DMRC Executives includes: -
 - (i) General physical examination
 - (ii) Vision tests
5. Details of these examinations are given below

General Physical examination: -

1. To be passed as fit for appointment, a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of his duties of appointment.
2. In the matter of the co-relation of age, height and chest girth of candidate it is left to the medical board to use whatever co-relation figures considered most suitable, as a guide in the examination of the candidate. If there be any disproportion with regard to height, weight and chest girth, the candidates should be hospitalized for investigation and X-ray of the chest taken before the candidate is declared fit, or not fit, by the board.
3. However, for certain services, the minimum standard for height and chest girth of male and female candidates should be as follows: -

		Height (cm)	Chest Girth fully expanded (cm)	Expansion (cm)
DMRC Executive Service (Technical) (Operations, Civil, Electrical, S&T, Architecture, Property Development)	Male	152	84	5
	Female	150	79	5

NOTE:

- (i) The minimum height prescribed can be relaxed in case of candidates belonging to races such as Gorkhas, Garhwalis, Assamese, Nagaland tribal, whose average height is distinctly lower
- (ii) The candidate's height will be measured as follows:-

He will remove his shoes and be placed against the standard with his feet together and his weight thrown on the heels and not on the toes or the sides of the feet. He will stand erect without rigidity and with heels, calves, buttocks and shoulders touching the standard, the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in centimeters and part of centimeters rounded to the nearest half.

(iii) The candidate's chest will be measured as follows:-

He will be made to stand erect with his feet together and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angle of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the sides and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted and the minimum and the maximum will then be recorded in centimeters rounded off to the nearest half centimeters.

4. In recording the height and chest measurements, fractions of less than half a centimeters should not be noted.
5. The candidate will be weighed and his/her weight recorded in kilograms; fraction of less than half a kilogram should not be noted.
6. The following additional points should be observed:-
 - (a) All candidates with type-1 diabetes will be declared unfit. Candidates having Type – II Disease without organ involvement, shall be declared temporarily unfit for maximum period of 21 days during which their blood sugar has to be within normal limit otherwise they shall be declared unfit.
 - (b) Candidate having Ischemic Heart Diseases shall be declared unfit.
 - (c) Candidates suffering from epilepsy shall be declared unfit.
 - (d) Candidates having hypertension causing effect on target organs (Left Ventricular Hypertrophy/Hypertensive Retinopathy/Hypertensive Nephropathy or any other related condition) shall be declared unfit.
 - (e) That the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case of it is defective, the candidate should be got examined by ENT specialist provided that the defect in hearing is remediable by operation or by use of hearing aid, a candidate cannot be declared unfit on that account provided he has no progressive disease in the ear (for further guidelines see sub para (7) below).
 - (f) That the speech is without impediment.
 - (g) That his/her teeth are in good order and he/she is provided with dentures, where necessary, for effective mastication (well filled teeth will be considered as sound).
 - (h) That the chest is well formed and chest expansion sufficient; and that his/her heart and lungs are sound
 - (i) That there is no evidence of any abdominal disease;
 - (j) That he/she is not having a hernia;
 - (k) That the candidate does not suffer from hydrocoele, varicose veins or piles.
 - (l) That his/her limbs, hands and feet are well formed and developed and that there is free and perfect motion of all joints.
 - (m) That he/she does not suffer from inveterate skin disease;
 - (n) That there is no congenital malformation or defect;
 - (o) That he/she does not bear traces of actual or chronic disease pointing to an impaired constitution.
 - (p) That he/she is free from communicable diseases.

Note:-Undescended testis, intra-abdominal in position, and un-associated with hernia, should not be cause for rejection. Ectopic testes, located in the inguinal canal abdominal wall or thigh

being more liable for trauma/torsion, should be passed fit only after the examinee has undergone surgical treatment.

7. The following are the guidelines for the medical examination authority in respect of hearing and diseases of ear, nose and throat:-

Sr. No	Parameter		Fitness Criteria
1.	Marked or total deafness in one other ear being normal.	i.	Fit for non technical jobs if the deafness is upto 30 decibels in higher frequency.
2.	Perceptive deafness in both ears in which some improvement is possible by a hearing aid.	i.	Fit in respect of both technical and non technical jobs if deafness is up to 30 decibels in speech aid frequencies of 1000-4000
3.	Perforation of tympanic membrane of central or marginal type.	i.	One Ear normal, other ear preformation of tympanic membrane present temporary unfit Under improved conditions of ear surgery a candidate with marginal or other perforation in both ears should be given a chance by declaring him temporarily unfit.
		ii.	Marginal or attic perforation in both ears-unfit
		iii.	Central perforation both ears- temporarily unfit
4.	Ears with mastoid cavity, sub normal hearing on one or both side.	i.	Either ear normal hearing, other ear with mastoid cavity-fit for both technical and non-technical.
		ii.	Mastoid cavity both sides-unfit for technical jobs.

5.	Persistently discharging operated/non-operated	i.	Temporary unfit for both technical and non-technical jobs.
6.	Chronic inflammatory/allergic nose with or without bony deformities of nasal septum	i.	A decision will be taken as per circumstances of nose with individual Cases

9.	Otosclerosis	i.	if the hearing is within 30 decibels after the operation or with the help of hearing aid-Fit
10.	Congenital defects of ear, nose or throat	i.	If not associated with functions-Fit
11.	Nasal Polyp	i.	Stuttering of severe degree-unit
		ii.	Temporarily unfit

8. An X-ray of the chest should be done for detecting any abnormality of the heart and lungs which may not be apparent by ordinary physical examination.

9. When any defect is found it must be noted in the certificate and the medical examiner should state his/her opinion whether or not it is likely to interfere with the efficient performance of the duties, which will be required of the candidate.

Vision test:-

- (a) **Classification of staff:** - for the purpose of visual acuity standards, the various Executive disciplines on DMRC should be divided in to two categories as follows: -

Technical Services	Non-Technical
Civil	Accounts
Electrical	Legal
Signal & Telecom	HR etc.
Operations	
Architecture	
Property	
IT etc.	

- (b) **Acuity of vision:** - The standards of visual acuity for the above categories will be as follows:

Categories	Distant Vision		Near Vision	
	(with or without glasses)		(with or without glasses)	
	Better eye	Worse Eye	Better eye	Worse Eye
Technical	6/9	6/9	J.I	J.II
	Or	Or		
	6/6	6/12		
Non-Technical	6/9	6/12	J.I	J.II

Note:-

- In respect of technical services, the total amount of myopia (including cylinder) should not exceed -4 Diopters and total amount of Hypermetropia should not exceed +4 Diopters.
- During Medical examination of candidate, the use of contact lenses is not to be allowed.
- The illumination of the type letters for the distant vision should be of 15 candles.

- iv. It is not necessary to lay down any limit for minimum naked eye vision but it is desirable that the naked eye vision of the candidates should be recorded by the medical board or any other medical authority in every case as it will furnish basic information in regard to the condition of the eye
- (c) **Fundus examination:-** In every cases of myopia, Fundus examination should be carried out and the result recorded. In the event of pathological condition being present, which is likely to be progressive and affect the efficiency of the candidate, he shall be declared unfit.
- (d) **Color vision:-** The testing of color vision is compulsory and the result should be normal in respect of all technical services. Satisfactory color vision constitutes recognition with ease and without hesitation of signal red, signal green and white color. Both the Ishihara's Plates and Edridge's Green Lantern shall be used for testing color vision.

Note:- color perception, wherever tested, should be graded into a higher and lower grade depending upon the size of aperture in the lantern as described below:

Grade	Higher grade of color perception	Lower grade of color perception
Distance between the lamp	4.9 Meter	4.9 Meter
Size of aperture	1.3mm	1.3mm
Time of exposure	5 seconds	5 seconds

- (e) **Field of vision:-** the field of vision shall be tested in respect of all services by the confrontation method. Where such a test gives unsatisfactory or doubtful results, the field of vision should be determined on the perimeter.
- (f) **Night vision:-** Night blindness need not be tested in each case as a routine, but only in special cases. The medical board has the discretion to improvise such rough tests, e.g., recording of visual acuity with reduced illumination or by making the candidate recognize various objects in darkened room after he has been there for twenty to thirty minutes, as may be considered necessary. Candidate's own statements should not always be relied upon but should be given due consideration.
- (g) **Ocular conditions other than visual acuity:-** Ocular conditions and diseases which should be considered also disqualification are as follows:
- (i) **Organic disease:-** Any organic disease or a progressive refractive error which is likely to result in lowering the visual acuity should be considered a disqualification
- (ii) **Squint:-** for technical services where the presence of binocular vision is essential, Squint even if the visual acuity is of prescribed standard, should be considered a disqualification. For other services the presence of squint should not be considered as a disqualification if the visual acuity is of prescribed standard.

Note:- In case all the tests carried out correctly indicate the presence of binocular vision, the mere existence of squint should not disqualify a candidate.

- (h) **One eye person:-** for all technical services one eye person should be considered unfit. These will include cases where there may be normal vision in one eye but other eye is amblyopic or has subnormal vision resulting in lack of stereoscopic vision. However for employment in other categories.

The medical board may recommend such one eye persons provided that it is satisfied that he/she can perform all the functions of the particular job for which he/she is a candidate, provided further that the visual acuity in the functioning eye 6/6 for distant vision, and J.1 for near vision with or without glasses, provided error in any meridian is not more than 40 for distant visions, and normal color vision where ever required.

Relaxation of condition :- It shall be open to DMRC to relax any of the conditions in favor of any candidate for special reasons.

Provision for re-consideration of adverse reports:-

- (1) Candidates are warned that there is no right of appeal from a medical board, special or standing, appointed to determine their fitness for the above services. If, however, DMRC is satisfied on the evidence produced before it of the possibility of an error of judgement in the decision of the first board, then it is open to DMRC to allow an appeal to a second board. Such evidence should be submitted within one month of the date of communication in which the decision of the first medical board is communicated to the candidate, otherwise no request for on appeal to a second medical board will be considered.
- (2) If any medical certificate is produced by a candidate as a piece of evidence about the possibility of on error judgement in the decision of the first board, this certificate will not be taken into consideration unless it contains note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact the candidate has already been rejected as 'unfit' for service by a medical board.

Temporary unfitness of candidate:-

In the case of candidates who are to be declared 'temporary unfit', the period specified for re-examination should not ordinarily exceed six months at the maximum. On re-examination after the specified period, these candidates should not be declared unfit for the further period but in final decision in regard to their fitness for appointment or otherwise would be given.

Women candidates who are pregnant (for all medical categories} :-

A female candidate who, as a result of test, is found to be pregnant, may be declared temporary unfit, till the delivery of the child.

***(O.O. No. PP/2927/2019 dated 03.12.2019)**

(b) Fixation of pay

- (i) The initial basic pay of an employee appointed to a post in the Corporation will be fixed at the minimum of the scale of the post to which he is appointed.
- (ii) When an employee is promoted/appointed to a higher post or grade, his initial pay in the new scale of pay will be fixed as below:

At the stage next above the pay notionally arrived at by increasing his Basic Pay in the lower grade by one increment subject to the condition that the pay in the higher post is not less than the minimum of the scale of pay prescribed for it and does not exceed the maximum of the scale.

Note:

- (a) **If the employee is drawing pay at the maximum of the lower scale at the time of promotion then his pay will be increased notionally by adding one increment(last increment in the lower scale) and then fixed at the stage next above in the higher scale;.**

OR

- (b) Pay on promotion/appointment to higher grade may be fixed, on option, initially at the minimum of promoted grade or if his basic is higher than minimum of the promoted grade, he will continue to draw the same pay. If he has exercised any option for fixation with effect from the date of next increment, then his pay may again be re-fixed on the date of next increment in the scale of pay of the lower post as per (a) above.

If the pay is fixed under (b) above, the next date of date of increment will fall due on completion of 12 months qualifying service from the date, pay is re-fixed on the second occasion. Option for this has to be exercised within one month of the date of promotion for fixation of pay either under rule (a) or (b) above. The option once exercised shall be final.

- (iii) If an employee had previously been promoted to his higher scale and later reverted, then on re-promotion, his initial pay will be fixed at a stage not less than that drawn on the last occasion in the higher scale and the period (s) for which the pay had been drawn shall count for the purpose of drawl of annual increment in the higher scale.
- (iv) Any special pay or officiating pay paid to an employee will not be taken into account for the purpose of fixation of pay in the higher grade unless the Management permits

the reckoning of such special pay/allowance in an individual case taking into account the special circumstances pertaining to it.

- (v) When an employee promoted to a post draws a lower rate of pay in that post than another employee junior to him in the lower grade and promoted subsequently to the same or identical higher post, the pay of the senior employee in the higher post will be stepped upto a stage equal to the pay of the junior employee in that higher post. This will be done with effect from the date of promotion of the junior employee and be subject to the following conditions:
- (a) Both the junior and senior employee should belong to the same seniority group and the posts to which they have been promoted should be in the same channel of promotion and the two scales of pay should be identical.
 - (b) If the junior employee's pay happens to be fixed at a higher stage by virtue of advance increment granted in the lower post or due to ad-hoc promotion, then this rule will not be invoked to step-up the pay of the senior employee.
 - (c) The following instances/events wherein juniors draw more pay than seniors, do not constitute anomaly and therefore, stepping up of pay would not be admissible in such events:-
 - 1. Where a senior proceeds on Extra Ordinary Leave which results in postponement of his Date of Next Increment in the lower post and consequently he starts drawing less pay than his junior in the lower grade itself. He, therefore, cannot claim pay parity on promotion even though he may be promoted earlier to the higher grade than his junior (s);
 - 2. If a senior forgoes/refuses promotion leading to his junior being promoted/appointed to the higher post earlier and the junior draws higher pay than the senior;
 - 3. If the senior is on deputation while junior avails of the ad-hoc promotion in the cadre, the increased pay drawn by the junior due to ad-hoc and/or regular promotion following such ad-hoc promotion in the higher posts vis-à-vis senior, is not an anomaly in the strict sense of the term;
 - 4. If a senior joins the higher post later than the junior, for whatsoever reasons, whereby he starts drawing less pay than the junior. In such cases, senior cannot claim stepping up of pay at par with that of his junior;
 - 5. If a senior is appointed later than the junior in the lower post itself whereby he is in receipt of lesser pay than the junior, in such cases also the senior cannot claim pay parity in the higher post if he draws less pay than his junior though he may have been promoted earlier to the higher post.

6. Where an employee is promoted from the lower post to a higher post, his pay is fixed with reference to the pay drawn by him in the lower post and due to his longer length of service in the lower grade, his pay may get fixed at a higher stage than that of a senior direct recruit appointed to the same higher grade and whose pay is fixed under a different set of rules.
 7. Where a senior is appointed in a higher post on ad-hoc basis and is drawing less pay than his junior who is appointed in the same cadre and in same post on ad-hoc basis subsequently, the senior cannot claim pay parity with reference to the pay of that junior since the ad-hoc service in higher post is reversible.
 8. Where a junior gets more pay due to additional increments earned on acquiring higher qualifications.
 9. The instances/events mentioned above are only illustrative and not exhaustive. Cases would need to be dealt with as per the applicable rules and regulations.
- (vi) Pay of an employee on deputation with the Corporation will be fixed in accordance with the rules laid down for the purpose by the organization from where he is taken on deputation so long as he continues to remain on deputation. On permanent absorption in the Corporation, his pay will be re-fixed in accordance with the rules of the Corporation.

- (viii) In accordance with office order No. PP/1214/2011, dated 07/03/11, all fresh joining on direct recruitment, immediate absorption/permanent absorption etc., in DMRC will be taken in IDA scales only.

The pay of deputationists will be fixed as under:

- (a) When the pay scale in the parent cadre and that attached to ex-cadre post are based on same index level and DA pattern is also same, the pay may be fixed under the normal fundamentals Rules.
- (b) The officers and staff who have joined DMRC/ will join on deputation will be eligible for the following only:

- (iv) No higher pay scale/ promotion will be granted to the deputationists during their deputation tenure with DMRC. This will be applicable in case of all existing deputationists also. 22.	What is done when an employee promoted to a post draws a lower rate of pay in that post than another employee junior to him in the lower grade and promoted subsequently to the same or identical higher post?	When an employee promoted to a post draws a lower rate of pay in that post than another employee junior to him in the lower grade and promoted subsequently to the same or identical higher post, the pay of the senior employee in the higher post will be stepped upto a stage equal to the pay of the junior employee in that higher post. This will be done with effect from the date of promotion of the junior employee and be subject to the following conditions: (d) Both the junior and senior employee should belong to the same seniority group and the posts to which they have been promoted should be in the same channel of promotion and the two scales of pay should be identical. (e) If the junior employee's pay happens to be fixed at a higher stage by virtue of advance increment granted in the lower post or due to ad-hoc promotion, then this rule will not be invoked to step-up the pay of the senior employee. (f) The following instances/events wherein juniors draw more pay than seniors, do not constitute anomaly and therefore, stepping up of pay would not be admissible in such events:- 10. Where a senior proceeds on Extra Ordinary Leave which results in postponement of his Date of Next Increment in the lower post and consequently he starts drawing less pay than his junior in the lower grade itself. He, therefore, cannot claim pay parity on promotion even though he may be promoted earlier to the higher grade than his junior (s); 11. If a senior forgoes/refuses promotion leading to his junior being promoted/appointed to the higher post earlier and the junior draws higher pay than the senior;

		12. If the senior is on deputation while junior avails of the ad-hoc promotion in the cadre, the increased pay drawn by the junior due to ad-hoc and/or regular promotion following such ad-hoc promotion in the higher posts vis-à-vis senior, is not an anomaly in the strict sense of the term; 13. If a senior joins the higher post later than the junior, for whatsoever reasons, whereby he starts drawing less pay than the junior. In such cases, senior cannot claim stepping up of pay at par with that of his junior; 14. If a senior is appointed later than the junior in the lower post itself whereby he is in receipt of lesser pay than the junior, in such cases also the senior cannot claim pay parity in the higher post if he draws less pay than his junior though he may have been promoted earlier to the higher post. 15. Where an employee is promoted from the lower post to a higher post, his pay is fixed with reference to the pay drawn by him in the lower post and due to his longer length of service in the lower grade, his pay may get fixed at a higher stage than that of a senior direct recruit appointed to the same higher grade and whose pay is fixed under a different set of rules. 16. Where a senior is appointed in a higher post on ad-hoc basis and is drawing less pay than his junior who is appointed in the same cadre and in same post on ad-hoc basis subsequently, the senior cannot claim pay parity with reference to the pay of that junior since the ad-hoc service in higher post is reversible. 17. Where a junior gets more pay due to additional increments earned on acquiring higher qualifications. 18. The instances/events mentioned above are only illustrative and not exhaustive. Cases would need to be dealt with as per the applicable rules and regulations.
